

HALO

CHANGING WI-FI PASSWORD OR ROUTER

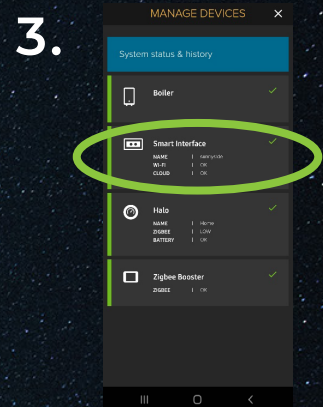

If you have changed your Wi-Fi password or changed broadband providers you will need to reconnect your Halo Smart Interface to re-establish the internet connection to the cloud and Halo app. Follow these simple steps to reconnect your Halo device.

In the Halo App, navigate to the summary page

Select
'System Status & History'

Select
'Smart Interface'

Select
'Delete Device'

Select
'Delete'

Select **'Add Smart Interface'** and follow the step-by-step instructions in the app
